Announcements:

Any information sent-out via announcements in emails or posted as an announcement on the course website is important and is, accordingly, an extension of assignment requirements and syllabus policies. Students must read all announcements and will be held responsible for any information posted in the announcements.

Assignment Deadlines:

- Due dates are posted on the course schedule and are weekly on Mondays and some Thursdays.
*Deadline times are **midnight** on the date listed on the calendar.*

Late Work Policy*

Note that this late policy applies to **major assignments only. Late work is not accepted for group work such as discussions or peer reviews because your classmates are depending on you to complete your part.*

1. If you submit after the deadline, 20% is automatically deducted from your grade, and this penalty increases by 10% each day until submission. Late assignments will not be accepted more than one week after the deadline.
2. If technical difficulties prevent you from submitting a major assignment, email me and attach the assignment or document the issue including a timestamp. This may help avoid late penalties in the event of technical difficulties, but you're expected to upload the final draft appropriately after technical issues are resolved. I will not grade assignments sent via email.
